

RSVP SCHEME

<p>R Reason</p>	<p>Good morning, My name is and I'm(your position). Am I speaking to? I would like to talk about a patient (name and surname), aged, who was admitted to the Emergency Department because of (main problem) in whom based on..... we suspect (reason of consultation).</p>
<p>Tell why are you calling</p>	
<p>S Story</p>	<p>Patient was admitted..... minutes/hours ago. In physical exam we discovered (main abnormalities), patient suffers from (chronic diseases) and takes (medications), is allergic to, last oral intake (time of it), we run such tests as in which we find(abnormalities).</p>
<p>Share the story of your patient</p>	
<p>V Vital Signs</p>	<p>Patient's vitals: Respiratory rate/min, SpO2%, ETCO2mmHg Heart rate /min, blood pressure mmHg Changes since admission:</p>
<p>Give the vital signs</p>	
<p>P Plan</p>	<p>We treated patient with (drugs). Based on gathered information we suspect (most possible diagnosis), I'm asking for a consultation/treating/admission of our patient.</p>
<p>Tell your plan</p>
